2024

Every year we have a Harvest Festival in the autumn to sell the produce we have grown during the year.

The children take responsibility for harvesting, pricing and displaying. On the day, we celebrate the harvest by selling what we have grown.

# Ornamental Gourds

We sowed ornamental gourd seeds in the sensory garden. We had to measure the space and mark planting sites 60cm apart. Then we had to make mounds of compost and planted the seeds in the mounds.

At Scoil Naomh Pio, our environment is very important to us.

Our priorities are, sustainability, native plants and vegetables and learning to respect and maintain our land.

We enjoy working in the garden all year round.

*We learn as we work.*
